Belt Loop Night

This years Achievement night will take place on Friday evening March 20th, 2009 in McKenna Hall from 7:00pm to 9:00pm. Each scout will have the opportunity to participate in 4 achievements and earn a Belt loop for each event completed. This year's achievements are Wildlife Academics, Maps & Compass, Weather and Collecting.

Only Drinks and Snacks will be available at this event due to the time it takes to complete these activities, so the boys should eat dinner before they arrive.

The boys should dress in their uniforms this year as all of the achievements will be performed indoors. None of our scheduled events require being outside so weather is not an issue.

We encourage all parents to help during the activities so the leaders can explain the activities and work with the boys and keep safety a first priority.

If you have any questions regarding any of these events, please contact your den leaders. Please remember to let your den leaders know, if you are not able to attend this event.
